## 1. Introduction

North East and North Cumbria Integrated Care Board (ICB) aspires to the highest standards of corporate behaviour and clinical competence, to ensure that safe, fair and equitable procedures are applied to all organisational transactions, including relationships with patients, their carers, public, staff, stakeholders and the use of public resources. In order to provide clear and consistent guidance, the ICB will develop documents to fulfil all statutory, organisational and best practice requirements and support the principles of equal opportunity for all.

The ICB is committed to promoting and improving security for all its staff, patients and visitors. The ICB aims to provide and maintain a calm, pleasant and secure working environment, where visitors and staff are confident of their personal safety and the security of their property, buildings and equipment are safeguarded. Whilst the ICB recognises that it would be impossible to prevent every security incident, it will provide resources to assist in handling such matters.

All ICB employees have a responsibility to ensure that security measures and procedures are observed at all times. Managers of the ICB should take a leading role in promoting and developing a security conscious culture.

## 2. Purpose and Scope

The ICB is committed to promoting and improving the security of its premises/assets and the safety of staff and visitors to the ICB. The ICB will do its utmost to safeguard against crime and against loss or damage to property and equipment.

The ICB recognises and accepts its responsibility to provide a safe and healthy workplace and working environment for all employees, and for those using its premises as required by the Health and Safety at Work etc. Act 1974.

Security is the responsibility of all staff in, not only safeguarding their own wellbeing and personal property, but also that of visitors and ICB property. The primary objectives of security management are:

- The prevention of violent or aggressive behaviour towards ICB staff, clients and visitors.
- The protection of life from malicious criminal activity or other hazards.
- The protection of premises and assets against fraud, theft and damage.
- The smooth and uninterrupted delivery of health care.
- The detection and reporting of suspected offenders committing offences against patients, clients, staff, property, or private property within ICB premises.
- The education of all staff in proactive security and general security awareness.

Security management can be defined as an environment where the risks to people and property are minimised from any actions that may lead to personal injury, threat to life or the disruption of the business activity of the ICB.

Effective security management is linked to other policy areas, including but not limited to, counter fraud, the management of violence and aggression and lone working.

Appropriate security controls and processes will be implemented to ensure the physical and environmental security of facilities. These processes will include controls to prevent unauthorised physical access, damage, loss, theft, and interference to the organisation's facilities.

The following measures are in place within ICB to ensure physical security:

- Within ICB offices there may be restricted areas in line with the organisation's requirements.
- Communication rooms formally known as IT server rooms are "secure areas", and can only be accessed by identified staff.
- ICB sites will only be accessible using security access devices (Cards, Fobs, Tokens, digital locks) or lock and key.

The vast majority of bomb threats are hoaxes. Making such malicious calls is an offence contrary to *Section 51 of the Criminal Law Act 1977* and should always be reported to the Police with support from the LSMS. Any member of staff receiving such a call should seek the immediate advice of the most senior manager available and contact [nencicb.healthandsafety@nhs.net](mailto:nencicb.healthandsafety@nhs.net). - Security devices should not be shared with others.

## 5.2 Identification Badges

ID Badges are issued to all staff on commencement of employment. ID badges must be worn at all times whilst on ICB premises or when undertaking ICB business. Persons not wearing an ID badge should be challenged and asked to identify themselves.

When staff leave ICB employment, all ID badges should be returned to the Line Manager and destroyed as per the HR leavers process. If an ID badge is lost or stolen this must be reported to the Line Manager and reported onto the incident reporting system (SIRMS) before a new ID badge will be supplied.

### 6.1 Personal Property/assets

Staff should be aware that the ICB cannot accept liability for loss or damage to staff property brought onto its premises.

- Staff are advised to take adequate precautions to ensure the safety of their possessions and not bring valuables to work. Where storage has been provided for personal use, the individual to whom it is allocated will be responsible for ensuring it is locked.

- Staff must report any loss of or damage to their belongings and co-operate in any consequent inquiry into the loss or damage. If private property has been stolen, then it is the owner's and not the ICB's responsibility to report the matter to the Police. This should be after notifying a Line Manager and reporting the incident on the ICB incident reporting system (SIRMS). Any incident management or Police reference number assigned should also be recorded on the incident log.

## 16. Equality Analysis

### Equality Impact Assessment Initial Screening Assessment (STEP 1)

As a public body organisation we need to ensure that all our current and proposed strategies, policies, services and functions, have given proper consideration to equality, diversity and inclusion, do not aid barriers to access or generate discrimination against any protected groups under the Equality Act 2010 (Age, Disability, Gender Reassignment, Pregnancy and Maternity, Race, Religion/Belief, Sex, Sexual Orientation, Marriage and Civil Partnership).

This screening determines relevance for all new and revised strategies, policies, projects, service reviews and functions.

Completed at the earliest opportunity it will help to determine:

- The relevance of proposals and decisions to equality, diversity, cohesion and integration.
- Whether or not equality and diversity is being/has already been considered for due regard to the Equality Act 2010 and the Public Sector Equality Duty (PSED).
- Whether or not it is necessary to carry out a full Equality Impact Assessment.
