Our Response

We can confirm, as per Section 1(1) of the Freedom of Information Act 2000, the ICB holds some of the information you have requested.

1. There is a national Joint Strategic Needs Assessment (JSNA) available – please find the link: [Joint Strategic Needs Assessment Guidance \(england.nhs.uk\)](https://www.england.nhs.uk/jсна/)
2. Please refer to the attached spreadsheet. There are no audiology services commissioned in Northumberland and North Tyneside – patients living within these localities utilise services at the Newcastle upon Tyne Hospitals NHS Foundation Trust. In addition, there are no audiology services commissioned within North Cumbria.
3. Please refer to the attached spreadsheet.
4. Please refer to the attached spreadsheet.
5. On this occasion it is not possible to provide the requested information. In line with your rights under section 1(1)(a) of the Act to be informed whether information is held, we confirm the ICB does not hold any of the information requested. However, we have determined that the information is held by the acute hospital NHS foundation trusts (FTs) within the North East and North Cumbria region.

In accordance with our duty under s.16 of the FOIA to provide reasonable advice and assistance to an individual requesting information, we have provided the FOI email addresses for those acute hospitals to make your request.

6. Please refer to the response to question 5.
7. South Tyneside and Sunderland localities undertook a service review of the Adult Audiology services in 2021 to ensure that we were providing the best quality care for patients suffering from hearing loss issues. The review included a robust patient engagement exercise which included a virtual workshop (due to COVID) and targeted surveys to ensure that all patient views informed the new AQP service.
8. Budget allocations are as follows:

Community Based Providers: Opening baseline (plus prior year impact):

2023/24: £6,000,915.29

2024/25 (at month 5): £6,811,650.00

NHS Foundation Trusts: Budgets for the FT are part of a block contract and not broken down at the level requested or available. Please redirect your request to the hospital foundation trusts in the NENC region.

9. In South Tyneside and Sunderland, all patients have equal access to care, treatment and support as our providers must comply with legal equality and human rights requirements, including avoiding discrimination, considering the needs of people with different protected characteristics and making reasonable adjustments. Our AQP services are located in the community and are delivered by 4 providers in the community, and this helps to mitigate any issues as it pertains to access.

In accordance with the Information Commissioner's directive on the disclosure of information under the Freedom of Information Act 2000 your request will form part of our disclosure log.
