| NENCICB  | NENC024                        | NHS 111 Integrated Urgent Care Contract                                                                                       | 01-Oct-25                 | Direct Award A                                  | NHS 111 Integrated Urgent Care (IUC) service contract provided by North East Ambulance Service NHS Foundation Trust (NEAS) has been awarded via a Direct Award A process - NEAS are the current provider of this existing service. The IUC -111 service is fully integrated with the 999 service both in infrastructure, clinical pathways and systems, providing a seamless transfer between services. The call handlers are dual trained across both service to be responsive in times of surge in either services. Due to the integration of these two services they are the only provider that are capable of delivering this service. To separate the two services would mean an increase in the contingency provision in both services | N/A                                                                          | TBC               | TBC                  | Executive Committee on 11.2.25 approved the IUC (111) Contract to proceed as a Direct Award A process and was approved at Board Committee on 13.11.25                                                                                                                                                                                                                                                                                                         | Chief Digital and Infrastructure Officer - | The Chief Digital and Infrastructure Officer can take part in the discussion but must refrain from any decision making on this item | The Chief Digital and Infrastructure Officer can take part in the discussion but must refrain from any decision making on this item | North East Ambulance Service NHS Foundation Trust (NEAS)<br>Barnicia House<br>Newcastle Upon Tyne<br>NE15 8NY                                           | £75,730,850                                                                                                                               | £75,730,850                                                                                                                               |                                                                                                      |                         |
