Dear Applicant

Freedom of Information Act 2000 – Request for Information – NHS North East and North Cumbria Integrated Care Board (NENC ICB)

Thank you for your request received by North of England Commissioning Support (NECS) on 5 April 2024 for information held by NHS North East and North Cumbria Integrated Care Board (NENC ICB) under the provisions of the Freedom of Information Act 2000.

NENC ICB covers the areas of County Durham, Gateshead, Newcastle, North Cumbria, North Tyneside, Northumberland, South Tyneside, Sunderland, and Tees Valley (which covers the 5 councils that make it up – Darlington, Hartlepool, Middlesbrough, Redcar & Cleveland and Stockton-on-Tees).

We have dealt with your request in accordance with your “right to know” under section 1(1) of the Freedom of Information Act 2000 (subsequently referred to as FOIA2000) which entitles you to be provided with information “held” by a public authority unless an appropriate exemption applies.

Your Request

We understand that, as of 2019/2020 around 11% of NHS funded Ophthalmic procedures are provided by three independent sector providers: Spamedica; Newmedica and Optegra. In addition, further procedures are provided by other smaller independent sector treatment centres such as the Independent Health Group, Practice Plus Group and Freedom Vision.

According to the Royal College of Ophthalmologists’ blueprint for delivering cataract training in the independent sector “every independent sector provider delivering NHS-funded cataract surgery must be able to train NHS ophthalmic trainees on at least 11% of whole cases within 2 years in every region”. This is also in line with the NHS England’s 2022 cataract service specification.

Please could you provide the following information, made as a freedom of information request:

1. Confirmation of the names and contact information (address or email) of all private sector providers currently commissioned to provide NHS funded cataract operations in your region.

2. Summary of how the ICB is monitoring/intending to monitor whether the independent sector providers they commission are meeting this specification.
3. Planned arrangements for providers found to be in breach of the contract specification to provide 11% of cataract operations as wholly delivered by NHS ophthalmic trainees within 2 years.
4. Number of NHS funded cataract procedures performed at each provider in England, divided into yearly information 2021, 2022, 2023.
5. Number of NHS cataract procedures performed at each provider in England, wholly performed by an NHS ophthalmic trainee, divided into yearly information for 2021, 2022, 2023.
6. Any formal comment from the ICB on the perception that independent sectors are not providing the agreed training and/or are detrimental to NHS trainees.

Please provide the information for (3) and (4) in an anonymized summary of numbers of cases, ideally as an electronic spreadsheet.

To clarify, for cataract operations only please.
