Table 1: Key legislative mechanisms for collaborative working

Mechanism for collaboration	Organisations	Description of mechanism
Section 65Z5 delegation	NHS England, ICBs, NHS trusts and foundation trusts	This is a voluntary arrangement whereby NHS organisations listed under s65Z5 delegate responsibility for carrying out specific functions to other listed NHS organisations and/or to local authorities (LAs) and/or to combined authorities (Cas). There are some constraints on what functions can be delegated and how these delegations are

Official

Mechanism for collaboration	Organisations	Description of mechanism
		<p>made, which are set out in the 2022 Regulations and in Annex E of the statutory guidance.</p> <p>NHS organisations cannot delegate their functions to non- statutory, non-public organisations (that is, independent or voluntary sector providers).</p> <p>LAs and CAs cannot delegate their functions to statutory NHS organisations using this mechanism – although they can receive delegated responsibility for the functions of NHS organisations under s65Z5 arrangements. For delegation of LA functions, see s75 arrangements below.</p>
Sections 65Z5 and 65Z6 joint exercise arrangements	NHS England, ICBs, NHS trusts and foundation trusts	<p>Two or more NHS organisations within the scope of s65Z5 can choose to come together (including via a joint committee) to make legally binding decisions and pool funds across agreed functions.</p> <p>Any constraints on how these arrangements are made and which functions can be part of them are set out in the 2022 Regulations and in Annex E of the statutory guidance.</p> <p>LAs and CAs can be part of these arrangements – but they cannot include their own functions in any joint decision- making using this mechanism. Joint working between LAs and NHS organisations, including for LA functions, can be achieved using s75 and s65Z5 arrangements.</p>
Section 75 partnership arrangements	NHS England and/or ICBs with LAs and/or CAs NHS trusts and/or foundation trusts with LAs and/or CAs	<p>Section 75 partnership arrangements are a longstanding collaboration mechanism under the 2006 Act.</p> <p>These enable collaborative working between at least one NHS organisation (NHS England/ICB or NHS trust/foundation trust) and at least one LA to exercise or delegate a range of the NHS organisation's functions and the LA's health-related functions.</p> <p>Any delegation/joint exercise of health-related LA functions to/with NHS organisations will continue to be achieved using the powers in s75 of the 2006 Act and the associated partnership arrangement regulations. The 2022 Act requires ICPs to consider the use of section 75 arrangements in preparing their strategy for their system.</p>
Conferral of discretions	NHS England, ICBs, NHS trusts and foundation trusts	<p>This provision has been included to make clear the lawful scope of contractual arrangements between commissioners and providers. It confirms that a commissioner can lawfully give providers a wide degree of latitude as to the services they provide under a contract, both in terms of which</p>

The commissioner will still set the broad scope of what the provider is expected to achieve (clinical outcomes, for example) under a contract.</p> <p>A contract that confers discretion on a provider in respect of some or all services under the contract may be a useful alternative or precursor to delegation to trusts or foundation trusts under s65Z6.</p>
