

# Tees Valley Area ICP Update

## **Teesside Health Innovation Zone**

Planned to deliver integrated and fit for purpose clinical facilities, education, skills and workforce. Workstream plans to be discussed at future meetings.

## **Tees Valley Anchor Network**

Mapping across local NHS and Local Authorities to focus on education, employment, the economy and the environment.

## **Tees, Esk and Wear Valley update**

A reflection of the journey so far in the transformation for community services, urgent care transformation, mental health services for older people, adult learning disabilities transformation and children and young people transformation.

Meetings have focused on identifying priorities where at scale work would be beneficial, with the focus moving on to next steps, including thematic workshops for Directors of Public Health
